2 Bedroom, 1.00 Bathroom, 1,051 sqft

Residential on 0.13 Acres

Wildwood, Calgary, Alberta

Located in the highly sought-after community of Wildwood, this 2-bedroom, 1-bathroom home offers 1,050 sq ft of developed living space and an unbeatable opportunity for transformation. While the interior remains completely original to the 1950s, the home has already undergone extensive exterior upgrades â€” allowing you to focus entirely on bringing your vision to life inside.

A full exterior renovation completed in 2015 included new roofing, stucco siding, windows (including full egress in the basement), updated electrical and plumbing, a high-efficiency furnace, tankless hot water system, and water softener. The landscaping, fencing, and poured concrete patios in both the front and backyards were also completed during this time â€” creating a clean, low-maintenance outdoor space to enjoy or further enhance.

The oversized 24x21 ft double detached garage and two additional front parking spots offer ample space for vehicles, storage, or a workshop setup.

Enjoy the incredible location just steps from Edworthy Park, the Bow River pathway system, dog parks, green spaces, Westbrook Mall, downtown Calgary and more.

Whether youâ€™re an investor, renovator, or homeowner with vision, this is a rare

opportunity to own a solid, well-located home with endless potential in one of Calgary's most established neighborhoods.
