Signal Hill, Calgary, Alberta

Gracious, spacious, and sun-drenched, this wonderful two-storey home, located in Signal Hill, has been extensively updated and is absolutely pristine! The main floor is surprisingly open, very welcoming, and offers a large living and dining area with lovely dark hardwood complementing the modern white paint and trim. The kitchen, featuring granite countertops and new appliances (replaced over the last couple of years), enjoys direct access to the large south-facing deck. The great room boasts a lovely fireplace and vaulted ceilings. A half bath and laundry/mudroom with a brand-new washer and dryer complete the main floor. Upstairs, you'll find the continuation of hardwood in each of the three spacious bedrooms. The primary suite offers a walk-in closet and a lovely 4-piece bathroom with a large tub and a stand-alone shower. The basement is finished and serves as a spacious entertainment area, currently used as a gym and child's playroom. All of this space will glory in the AC through our hot summer. Let's not forget the double front-drive garage, which is insulated and wall-boarded. Additionally, there is a large shed in the backyard. The backyard itself is a gem, surrounded by flowering trees that contribute to fantastic privacy. Signal Hill offers a variety of amenities, including shopping centers (Westhills Towne Centre and Signal Hill Centre), schools, parks, and access to public transit.
