5 Bedroom, 4.00 Bathroom, 3,022 sqft
Residential on 5.02 Acres

NONE, Rural Mountain View County, Alberta

Just 10 miles west of Olds, this one-of-a-kind 5-acre acreage offers precision craftsmanship, smart technology, and stunning natural beauty. Built in 2017, the property features over 5,800 sq.ft. of finished space, including 3,022 sq.ft. of upscale living and two fully integrated shops. It's ideal for tradespeople, entrepreneurs, or anyone seeking the perfect balance of work, play, and rural luxury.

Upstairs is the heart of the home, where the chef's kitchen boasts granite counters, a massive island with a built-in sink, high-end appliances, and custom china cabinets. The open layout flows into a spacious living room with a stone feature wall, modern linear fireplace, and built-in cabinetry. Control4 smart home automation and built-in speakers offer seamless control of lighting, audio, and more.

Step onto the fully covered concrete deck with exposed aggregate finish and glass panel railings to take in panoramic views of the mountains and valley below – a peaceful vantage point that's hard to beat.

The primary suite is located off the living room, with direct access to the deck. It includes a walk-in closet and a luxurious ensuite with a glass-enclosed, custom-tiled shower with dual shower heads, vanity, and toilet. Also on the

upper level: a second bedroom or office, a two-piece bath, laundry, a large storage room with a window overlooking Shop 1, and access to the mezzanine in Shop 2.

The main floor offers three spacious bedrooms, each with TVs and large closets. One is currently used as a gym and features built-in speakers. Just outside is a west-facing covered concrete patio with a hot tub and adjacent four-piece bathroom.

Shop 1 measures 25’x30’ with a 20’x16’ overhead door, plus a two-piece bath, a mechanical room, and a connecting 8’x8’ door to Shop 2. Shop 2 is 24’x25’ with a 16’x12’ door, overhead crane jib, mezzanine storage, and built-in golf simulator – the ultimate multi-use space.

Outside, the property is fenced with an electric gate and serviced by a 10 GPM water well. A 20’x12’ powered metal garden shed with a concrete floor adds functionality. Built to commercial standards, the home features triple-pane windows, interlocking metal siding and roofing, and Hardie board accents. The quality is so robust, the sellers opted out of hail insurance.
